Welcome to SCL Online

Welcome to the spring 2008 edition of our education brochure, showcasing our latest products and offers. For a wider range of products, please visit www.sclonline.co.uk.

Firstly, I'd like to thank you all for your continued support and I look forward to dealing with you all for many more years to come. 2007 was our biggest year to date, seeing us shipping almost double the amount of PCs compared to 2006 so a huge thanks to you all

Now on to the brochure. Last year, we introduced our own all-in-one PC which was a massive success with many schools nationwide using our One PC as their PC of choice. We have one customer who has recently moved in to a brand new school and kitted the school out with over 270 of our One PCs. Please see pages 8 & 9 for more details on this fantastic range or call us for further details or to request customer references.

Our PC prices continue to come down, while specifications rise giving you real value for money. We are now including a 5 year warranty on our PCs!* We pride ourselves on our build quality but rather than take our word for it, why not give us a call and see if we can arrange an evaluation PC** for you to look at yourselves. Due to popular demand, we now also offer an imaging service on all builds of 10 PCs or more free of charge. We simply send you 1 PC from your order for you to image, then collect the PC and install this image across the rest of the PCs you have ordered, saving you a lot of time in the process. Again, please call for details.

I'd like to remind you all that we email out some great special offers every week, including free PC offers and many others. To sign up to receive these emails, please visit www.sclonline.co.uk and click 'join mailing list'. You have the option to opt-out of this service at any time if you wish.

Lastly, we are currently working behind the scenes, updating our website to include our full product range, showcasing thousands of products and as always, great low prices. Keep your eyes peeled!

Regards

Dan Whittaker, Sales Manager

The Sphinx Range

Our new Sphinx range of PCs are true Intel based, built using only Intel branded mainboards to deliver new levels of performance and reliability. All Sphinx PCs support up to 4Gb of dual channel DDR2 RAM and support a range of processors including the Intel® Core™2 Quad processor (95W TDP) and the Intel® Core™2 Duo processor. They also offer Intel® High Definition Audio with support for 5.1 surround sound, an integrated 10/100/1000 network connection and ample USB connectors for all your computer paraphernalia not to mention our new 5 year warranty as standard

The Sphinx One

This system is built around a hard glass 17-inch LCD monitor, complete with a substantial base. It also comes complete with a multi-card reader, USB sockets and a headphone socket, all easily accessible

- 160Gb Serial-ATA hard drive
 - 2Gb DDR 2 memory
- On-board VGA & sound
 - Gigabit LAN
- Side USB & headphone socket
 - 17" hard glass screen

The Sahara & Scorpion PC Ranges

At SCL Online, we pride ourselves on the superb quality of our PCs. Using only top components from the best manufacturers in the industry, we never compromise on quality. Our PCs are built to last but for extra peace of mind, each one now comes complete with a 5 year warranty*. We also build bespoke PCs so why not call our sales team now for a detailed quotation, tailored to your exact needs.

Sahara I

These Intel based PCs have been specifically designed to meet the needs of customers who require the performance expected from Intel whilst sticking to the good low pricing expected from SCL. They incorporate 1Gb of DDR2 RAM, an 80Gb SATA hard drive and a range of Intel CPU options. Perfect for the day-to-day classroom or office activities.

Weight	9.5kgs
Warranty	3 year - call for details

The SCL One Range

There are plenty of barebone Micro PC chassis around, where you just add drives, but few are built into the back of an LCD monitor. Our SCL One is designed this way and the company has taken several decisions which make it an ideal basis for a space-saving PC.

Rather than trying to use notebook technology, which nearly always involves a specialist system board and very limited scope for upgrading, the SCL One uses a standard Micro-ATX system board, a 3.5-inch hard drive and a slim-line optical drive which is an optional extra

The system is built around a **hard glass** 17-inch LCD monitor, complete with a substantial base. It also comes complete with a multi-card reader, USB sockets and a headphone socket, all easily accessible.

- SCL One LCD Chassis
- 80Gb Serial-ATA hard drive
- MSI 945GCM5-F or MSI K9AGM3-F mainboard
- Range of CPU options to suit all needs
- 1Gb DDR2 RAM
- On-board graphics & sound
- Gigabit LAN
- USB & headphone port easily accessible
- Multi card reader built in
- 17" hard glass TFT

LapSafe®

Midi Mentor™ SmartLine™ E20

Secure storage and ultra safe-recharging for up to 20 laptops housed in secure chassis to deter opportunist theft. SmartLine™ charging offers our unique 'Low Voltage Ultra-Safe Recharging' system which eliminates the use of multiple AC adaptors in the trolley, saving huge amounts of time in the classroom. The power management system manages the power so that all laptops recharge in the fastest possible time simultaneously without over-charging or blowing fuses or tripping circuit breakers.

- Charges up to 20 laptops simultaneously using SmartLine™ charging
- Strong lockable cabinet
- Fully mobile
- Fits neatly under work benches - ideal for science labs
- Fully automatic temperature controlled

* Please contact SCL for full details on range, sizes and models

DSMs/20 £2125.00

Mentor™ SmartLine™ S 30 fitted with DTM

LSMs/CHDTM/30 £5034.00

The Mentor SmartLine™ S30 offers secure storage and ultra safe-recharging for up to 30 laptops. All laptops are recharged simultaneously and housed in secure chassis to deter opportunist theft. Fitting a Mentor SmartLine™ S with DTM (Data Transfer Module) offers the enhanced functionality of downloading and uploading data to all laptops simultaneously while safely recharging inside.

- Charges up to 30 laptops simultaneously using inbuilt SmartLine™ charging
- Alarm fitted
- Network ready
- LED charging status indicators
- Fully automatic temperature controlled
- Strong lockable cabinet
- Fully mobile
- Provides hard wired network connection between laptop and network
- Ability to download or upload data to all or individual laptops
- Quick efficient imaging of laptops
- Saves ICT technician time

* Please contact SCL for full details on range, sizes and models

LapSafe® Premium Security Cable

The LapSafe® Premium Security Cable provides high visibility protection for laptops, Personal Computers, LCD projectors, TFT Screens and other valuable IT equipment providing security and peace of mind against opportunist theft.

- Suitable for any IT equipment with security slot
- Quick and easy to install
- Unique lock that automatically adjusts to depth of security slots
- Unpickable high security Disk Tumbler lock
- High tensile steel Smoked Grey 1.8m long cable
- Key retains when unlocked to prevent key loss

SP/LSC/KD/ £24.99

Servers

X-Serve 100GT

The **X-Serve 100GT** features a true server motherboard which supports Intel's Core 2 Duo & Xeon 3000 Dual/Quad core processors and provides RAID 0, 1, 10 & 5 across four SATA hard disks. Ideal for replacing desktop based peer to peer networking environments.

Features

- Intel Core 2 Duo or Intel Xeon Dual/Quad Core Processor based
- Up to 8GB DDR2 667Mhz Memory
- Intel S3210SHLC Server Board
- Up to 6x SATA hard disks
- Intel SATA Host RAID supports levels 0, 1, 10 & 5
- Dual Intel Gigabit LAN Ports
- DVD Writer & 3.5" Floppy Drive
- Intel Server Engine 8MB Onboard Video
- U9008 Pedestal Server Chassis (Rack mount kit optional)
- 2x 32Bit PCI / 1x PCI Express x16 / 2x PCI Express x8 Expansion Slots

Intel Core 2 Duo E4600, 2x 160Gb HDD & 2Gb RAM **£419.00**

Intel Xeon Dual Core E3110, 2x 500Gb HDD & 4Gb RAM **£549.00**

Intel Xeon Quad Core X3320, 4x 500Gb HDD & 4Gb RAM **£699.00**

X-Serve 200GT

The **X-Serve 200GT** brings increased I/O flexibility and bandwidth to the office at an affordable price with up to two quad core Intel Xeon processors, up to 8GB of fully buffered memory and Intel I/O acceleration technology. Supporting up to 6 SATA disks, a choice of RAID options, the **X-Serve 200GT** delivers the performance you require despite its incredible value and flexibility.

Features

- Single or Dual Intel Xeon 5400 series Quad Core Processor Based
- Up to 8GB DDR2 667Mhz Fully Buffered Memory
- Intel S5000VSA Server Board
- Up to 6x SATA hard disks
- Intel SATA Host RAID supports levels 0, 1 & 10
(See accessories for optional RAID 5 key)
- Dual Intel Gigabit LAN Ports
- DVD Writer & 3.5" Floppy Drive
- ATI ES1000 16MB Onboard Video
- U9008 Pedestal Server Chassis (Rack mount kit optional)
- 1x 32Bit PCI / 1x 100Mhz + 1x 133Mhz 64Bit PCI-X
/ 2x PCI Express x4 Expansion Slots

Single Intel Quad Core Xeon E5405, 2x 500Gb HDD, 2Gb RAM **£699.00**

Dual Intel Quad Core Xeon E5405, 2x 500Gb HDD, 4Gb RAM **£899.00**

Dual Intel Quad Core Xeon E5420, 4x 500Gb HDD, 8Gb RAM **£1299.00**

All prices exclusive of VAT. Prices correct at time of printing. Errors & omissions excepted.

RV80 case and Asus EEE PCs

The New RV80 Case from SCL Online

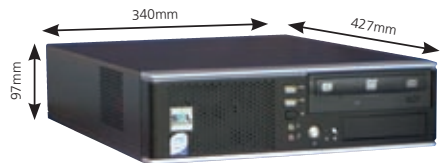

Introducing the new stylish small foot print Micro ATX RV80 case coming soon only from SCL Online. Our RV desktop cases are built to last and are great for the school environment. As per the RV77, these are extremely strong, have no breakable flaps and have easy access front ports such as USB and audio. The RV80 is built using an optimised cooling design with air partitioning system. They can be used as a standard desktop or as a tower (see image below) using the stands supplied. Please call our sales team for details on pricing and availability.

As a desktop PC

As a tower PC

No holes or vents on top

Asus EEE PC

The Asus EEE PC is a great choice for pupils. It's smaller than an A5 pad and weighs less than 1kg, combining the capabilities of a notebook with the portability of a PDA device. The EEE PC is perfect for use in the school, at home or on the move. It's small and light enough to be taken anywhere, but has a good robust design offering increased protection against the minor knocks of mobile computing in the education environment

- With its 7" screen and weighing less than 1Kg, it's smaller and lighter than many textbooks.
- Robust solid-state hard drive provides fast boot-up / shut-down and preserves pupils' files.
- Integrated webcam (4G model only), microphone and speakers for easy web video-conferencing.
- Integrated 802.11b/g wireless and optional 3G module provide great connectivity.
- Integrated card-reader and three USB 2.0 ports provide a simple way to add additional storage and easy connection for peripherals.
- Full-size VGA-out for connection to projectors or monitors.
- Available on a Linux or Windows operating system

Please contact our sales team for options and pricing on this exciting new product

Monitors

Value Range

The Hanns-G range of monitors is perfect for customers looking for performance and value. Hanns-G products symbolise the spirit of 'Go Beyond' to provide consumers with a whole new experience of technology; with its user-friendly interface, clean design and exceptional quality, it has surpassed consumer expectations and existing market standards.

Hanns-G 17" TFT Monitor (1280 x 1024, 12ms response, DVI, speakers)	£90.00
Hanns-G 17" WidescreenTFT Monitor (1440 x 900, 8ms response DVI, speakers)	£85.00
Hanns G 19" TFT Monitor (1280 x 1024, 8ms response, DVI, speakers)	£110.00
Hanns-G 19" Widescreen TFT Monitor (1440 x 900, 5ms response, DVI, speakers)	£105.00

Robust Range

The hard glass T series range of LCD Monitors from Edge10 is designed for any environment. As well as the obvious advantage of protecting the LCD panel, the special glass improves the visual experience to the user by raising the colour intensity and enhancing the sharpness of the image. The monitor is ideal for wall mounting with VESA 75 compliance and coupled with the anti glare glass makes this the perfect monitor for professional installations.

Edge10 17" Hard Glass TFT Monitor (1280 x 1024, 8ms response, speakers)	£119.00
Edge10 17" Hard Glass TFT Monitor (1280 x 1024, 16ms response, height adjustable, speakers)	£149.00
Edge10 19" Hard Glass TFT Monitor (1280 x 1024, 12ms response, speakers)	£159.00

Hannsree XV GT03-37E2 37" HD Ready LCD TV

Hannsree XV GT03-37E2 37" HD Ready LCD TV

This wonderful HD-ready TV gives you a widescreen view of digital television, thanks to a built-in Freeview tuner to bring you the possibility of over 40 free channels through your aerial. A marvellous array of 16.7 million colours puts you in pole position for a high quality viewing experience. The vastly rich contrast ratio enhances the visual output of the 37 inch Hannsree XV37 GT03 to an incredible level.

Two HDMI inputs allow you to hook up with cutting edge high-definition equipment, such as Blu-Ray and HD-DVD players, along with Sky HD, Playstation 3 and Xbox 360 games consoles. The Hannsree XV37 GT03 also has two SCART sockets so you can get the best out of your existing audio visual equipment. Experience the future of viewing with this 37 inch widescreen flat-panel display, delivering a crisp HDTV output.

SCL ONLINE

FREE PEN DRIVE OFFER!

At SCL Online, we pride ourselves on our very high standards. Not only do we build every one of our PCs to a very high quality, we also keep our prices low, providing unrivalled value for money.

We want to prove to you that we are one of the most competitively priced PC builders around. We want you to tell us what you've been buying or are looking to buy so we can show you just how competitive we are by comparing our prices to your current supplier.

We are offering a **free Flash RAM pen drive / memory stick*** to the first 500 people that email in with the specifications of the PCs for the last IT room / classroom they kitted out or for any upcoming requirements for PCs they have. Once you email us these details, a member of our sales team will email you back with a quotation based on the specification, using top brand components and the latest technology.

That's all there is to it. We aren't expecting you to suddenly put your PC business our way but we hope it will give you an indication of just how competitive we are and also help to ensure you are getting the best deal out of your current supplier.

Further to this, if you email us with details of PCs you are looking to purchase in the near future, we will even arrange for a sample PC* to be built to your specification and sent out to you so you can check out the build quality for yourself. With our high build quality and very low failure rate, you will not be disappointed

*Terms apply. See website for details

Ways to order from SCL Online

- Buy online at www.sclonline.co.uk
- Call our sales line **0845 450 3601**
- Fax your purchase order to **0845 450 3609**
- Post your purchase order to the address listed

Weekly Special Offers

Once a week, **SCL Online** likes to keep their customers up to date with the latest special offers and pricing. Why not visit www.sclonline.co.uk and sign up to our mailing list. Don't miss out, sign up today!

Delivery Charges

Unlike some other companies, **SCL** do not hide extortionate delivery charges. Our charges vary depending on the order. For example, if you are ordering a single PC then delivery is £10.00 but

2 PCs is £15.00. For small orders such as 10 pen drives, delivery is only £6.00. All delivery charges will be at the bottom of our quotations or you can visit www.sclonline.co.uk or call **0845 450 3601**
